

## **I'm Gonna Kill You and Tell God You Died**

I remembered when you took your first breath child  
Said you were fine, but I wasn't convinced,  
And I remembered when your mother said, look Hun,  
And now I haven't had a good night's sleep since.  
Gave you a party on your first Birthday,  
How you lived that long was a surprise,  
It's my duty now to give you fair warning,  
**I'm gonna kill you and tell God you died.**

When I tell you I love you, I mean it,  
When I told you you're special, I lied.  
You might be my flesh and bone, but if you don't leave me alone,  
**I'm gonna kill you and tell God you died.**

I remember when my momma first cursed me,  
She said, I hope you have some just like you,  
Half the time I can't believe you're my children,  
Oh, it seems like the curse has come true.  
What possessed us to think we had to have you?  
What'd we do before you entered our lives?  
I'm about to take leave of my senses,  
**I'm gonna kill you and tell God you died.**

If you don't give me some space, and get out of my face  
**I'm gonna kill you and tell God you died.**  
I mean it this time, ol' Dad's losing his mind,  
**I'm gonna kill you and tell God you died.**

First verse C, Second verse Db
