

## Me an Annie

Once there was an old man sitting at a bus stop, studying the schedule, trying hard to evesdrop,  
On some school girls deep in conversation, but their words they nearly sent him to his final destination,

Me an' Annie, me an' Annie, me an' Annie gonna ax her mother,  
Me an' Annie, me an' Annie, me an' Annie gonna ax her mom,

Well, at first the conversation had been sweet and light, 'bout parental permission for to spend the night,  
Then a girl said if ax her mother's what Annie's gonna do, maybe she should ax her mother too.

Me an' Annie, me an' Annie, me an' Annie gonna ax her mother,  
Me an' Annie, me an' Annie, me an' Annie gonna ax her mom,

Well, his heart went out to this troubled teen, what would make this Annie girl so mean,  
What would drop this desperate debutant to dispatch her everloving mother with an ax?

Well, he heard how Lizzy Borden had once axed her mother, so he ran for a policeman for to stop a murder,  
But when he returned the bus had taken them away, So nervously he peruses the newspaper everyday,

'Cause Me an' Annie, me an' Annie, me an' Annie gonna ax her mother,  
Me an' Annie, me an' Annie, me an' Annie gonna ax her mom,
